VABISHYA

All Career Paths

Compiled and published by Smruti Ranjan Sahoo

© 2026 Smruti Ranjan Sahoo. A Vabishya digital edition.

Many doors from one school gate — this book names all of them.

This is the complete profession list from the Vabishya catalogue: 124 careers in 26 fields. It is a directory, not a ranking. The Career Path Planner ebook is the workbook (streams, exams, weekly practice). This book is the shelf — every title the app can route you toward.

Each entry is pulled from the same data the website uses: summary, study, exams, skills, outlook, pay bands, workplaces, sample institutes, and the incoming routes (the degrees and hops that actually reach the job). Pay and fees are Indian street estimates, not offers.

How to use a directory

Pick a field you can inhabit, not a title your relatives clap for. Read the incoming routes: if you are in Class 10, those routes tell you which Class 12 stream and which first degree still keep the door open. If you are already in a degree, they tell you whether you are on a real hop or a dead end.

Confirm every exam, licence, and fee from the official bulletin. A sample institute is a landmark, not an admission. Salary bands hide city, campus, and luck. Treat them as a ceiling-and-floor sketch.

If two careers share a first degree, you do not have to decide the job in Class 12. You have to keep the degree that still feeds both.

Code, data, and the product rooms that hire from every good campus.

FIELD

Technology

Code, data, and the product rooms that hire from every good campus.

Business Analyst · Cloud Engineer · Cybersecurity Analyst · Data Analyst · Data Scientist · Database Administrator · DevOps Engineer · Full Stack Developer · Game Developer · ML Engineer · Product Manager · QA / Automation Testing Engineer · Software Engineer

1. Business Analyst

From ~21 · Career

Turns business problems into requirements and process change. IT-BA work is a common path from computing degrees in Indian services firms.

Routes:	B.Sc Computer Science — Internships bridging IT and process
Study:	Requirements · Process mapping · Basic SQL / Excel
Exams:	BA interviews; case-style screens
Skills:	Stakeholder communication · Analysis
Next:	IT services, banks, product ops; an MBA later can move you toward PM or consulting.
Pay:	About ₹4–12 LPA to start · ₹10–22 LPA after 5–8 years
Work:	IT services · Banks · Product ops
Campuses:	IIT Delhi · BITS Pilani · Christ University, Bengaluru · NMIMS Mumbai
Papers:	IIBA ECBA, then CCBA / CBAP · PMI-PBA · SQL + a BI cert (PL-300 or Tableau) for IT-BA roles

2. Cloud Engineer

From ~21 · Career

Designs and runs applications on AWS, Azure, or GCP — networking, IAM, cost, and reliability.

Routes:	B.Sc Computer Science — Cloud labs + internships
Study:	Cloud architecture · Linux and networking · Infrastructure as code
Exams:	Interviews; optional AWS/Azure/GCP certs
Skills:	Cloud platforms · Automation
Next:	Every industry moving workloads to the cloud; production labs help more than a cert alone.

Pay:	About ₹5–16 LPA to start · ₹12–32 LPA after 5–8 years
Work:	IT services · Product firms · Consultancies
Campuses:	IIT Madras · IIIT Hyderabad · NIT Trichy · IISc Bengaluru
Papers:	AWS Solutions Architect Associate · Microsoft Azure Administrator (AZ-104) · Google Cloud Associate Cloud Engineer

3. Cybersecurity Analyst

From ~21 · Career

Defends systems: SOC, pentest-adjacent, GRC. Degrees in CSE/IT plus certifications (Security+, OSCP later) are common.

Routes:	B.Tech Computer Science — Security electives + certs · B.Tech Information Technology — Networks + security labs · MCA — Security electives · B.Sc Computer Science — Security electives + certs
Study:	Networks · OS internals · Security tools
Exams:	Interviews; optional certifications
Skills:	Threat awareness · Incident process
Next:	IT, banks, consulting, government.
Pay:	About ₹5–14 LPA to start · ₹12–30 LPA after 5–8 years
Work:	SOC · Consultancies · Banks
Campuses:	IIT Madras · IIIT Hyderabad · NIT Trichy · DRDO / C-DAC training pathways
Papers:	CompTIA Security+ · CEH or CompTIA CySA+ for SOC roles · OSCP later if you want hands-on pentest work

4. Data Analyst

From ~21 · Career

Reporting, SQL, dashboards, and business insight. A common first data job before scientist/engineer roles.

Routes: B.Tech Information Technology — BI internships · B.Tech Biotechnology — Bioinformatics electives · BCA — SQL + BI projects · B.Sc Computer Science — SQL + BI projects · B.Sc Statistics — Internships

Study: SQL · Excel / BI tools · Basic stats

Exams: Analyst interviews

Skills: SQL · Visualisation

Next: Every industry hires analysts; a master's is optional.

Pay: About ₹3.5–10 LPA to start · ₹8–20 LPA after 5–8 years

Work: Corporates · Start-ups · Consulting

Campuses: ISI Kolkata · St. Xavier's Mumbai · Christ University, Bengaluru · SRCC (quant + internships)

Papers: Google Data Analytics Certificate · Microsoft Power BI Data Analyst (PL-300) · Tableau Desktop Specialist

5. Data Scientist

From ~22 · Career

Models and decisions from data. Needs statistics plus programming, often after B.Tech, B.Sc stats/math, or a master's.

Routes: B.Tech AI / Data Science — ML projects + internships · B.Tech Computer Science — Stats/ML portfolio · MCA — ML electives + portfolio · B.Sc Computer Science — Stats/ML portfolio or M.Sc · B.Sc Mathematics — Python + stats projects or M.Sc

Study: Statistics · ML · SQL and Python

Exams:	Interviews / take-homes
Skills:	Python · Stats · Storytelling
Next:	Analytics, product ML, research labs.
Pay:	About ₹6–20 LPA to start · ₹15–40 LPA after 5–8 years
Work:	Tech · Finance · Consulting analytics
Campuses:	ISI Kolkata / Delhi · IIT Bombay · IIT Madras · IISc Bengaluru · IIIT Hyderabad
Papers:	Google Advanced Data Analytics or TensorFlow Developer Certificate · AWS Certified Machine Learning – Specialty · A statistics MOOC plus Kaggle / GitHub beats a cert-only CV

6. Database Administrator

From ~21 · Career

Keeps databases available, fast, and recoverable — backups, tuning, access control, and increasingly cloud data platforms.

Routes:	B.Sc Computer Science — SQL + DB internships
Study:	SQL · Backup and recovery · Performance tuning
Exams:	Interviews; optional vendor certs
Skills:	SQL · Operations discipline
Next:	Banks, enterprises, and cloud migrations still need DBAs; many roles now blend with data engineering.
Pay:	About ₹4–12 LPA to start · ₹10–25 LPA after 5–8 years
Work:	Enterprises · Banks · IT services
Campuses:	IIT Madras · NIT Trichy · IIIT Hyderabad · C-DAC related programmes
Papers:	Oracle Database Administrator Certified Professional · Microsoft SQL Server / Azure Database Administrator Associate · PostgreSQL or MongoDB DBA certificates for open-source stacks

7. DevOps Engineer

From ~21 · Career

Connects development and operations: CI/CD, containers, observability, and release safety.

Routes:	B.Sc Computer Science — Linux + CI/CD projects
Study:	Linux · CI/CD · Containers and Kubernetes
Exams:	Hiring loops; optional CKA later
Skills:	Automation · Incident response
Next:	Product and services firms; often a second role after software engineering.
Pay:	About ₹5–18 LPA to start · ₹14–35 LPA after 5–8 years
Work:	Product firms · IT services · Start-ups
Campuses:	IIT Bombay · IIIT Hyderabad · NIT Surathkal · BITS Pilani
Papers:	Certified Kubernetes Administrator (CKA) · HashiCorp Terraform Associate · AWS Certified DevOps Engineer – Professional (after a few years)

8. Full Stack Developer

From ~21 · Career

Builds both the user interface and the server/API behind it. Shipped web apps matter more than the exact degree title.

Routes:	B.Sc Computer Science — Projects in a web stack + internships
Study:	A frontend framework · APIs and databases · Git and deployment
Exams:	Interviews; take-home builds
Skills:	JavaScript/TypeScript · A backend language · Debugging
Next:	Product firms, IT services, and start-ups; a natural first title after B.Sc CS or BCA.

Pay:	About ₹4–16 LPA to start · ₹12–35 LPA after 5–8 years (services vs product)
Work:	Product firms · IT services · Start-ups
Campuses:	IIT Bombay · IIT Delhi · IIIT Hyderabad · BITS Pilani · NIT Trichy
Papers:	Meta Front-End Developer Certificate · AWS Certified Developer – Associate · MongoDB or PostgreSQL associate certificates matching your stack

9. Game Developer

From ~21 · Career

Gameplay and engine work. CSE/B.Des/self-taught plus a shipped demo.

Routes:	B.Tech Computer Science — Shipped demo / studio internships
Study:	Unity/Unreal · Gameplay programming or art
Exams:	Studio tests / reels
Skills:	Real-time systems or art pipeline
Next:	Studios and remote indie. Demo or GitHub is required.
Pay:	About ₹3.5–12 LPA in studios · ₹8–22 LPA mid-career
Work:	Game studios · Indie
Campuses:	NID Ahmedabad · Srishti Manipal · DSK Supinfogame / MIT ID (related) · IIT Bombay (graphics electives)
Papers:	Unity Certified User / Professional Programmer · Unreal Engine Professional · A shipped demo is the certificate studios actually open

10. ML Engineer

From ~22 · Career

Production machine-learning systems — closer to software engineering than pure research science.

Routes: B.Tech AI / Data Science — ML systems projects · B.Tech Computer Science — Systems + ML internships · B.Sc Computer Science — ML systems projects + internships

Study: ML systems · MLOps · Python

Exams: Hiring loops

Skills: Engineering + ML

Next: Usually after CSE/AI B.Tech or a strong software base.

Pay: About ₹8–25 LPA to start · ₹18–45 LPA after 5–8 years

Work: Product ML teams · AI start-ups

Campuses: IISc Bengaluru · IIT Madras · IIT Bombay · IIIT Hyderabad

Papers: TensorFlow Developer Certificate · AWS Certified Machine Learning – Specialty · Databricks or MLOps associate credentials once you ship models

11. Product Manager

From ~23 · Career

Owns product outcomes. Often after engineering/MBA plus internships; not a first-degree job for most.

Routes: B.Tech Computer Science — After software/core years or MBA internship · B.Tech Information Technology — After software/core years or MBA internship · B.Tech Electronics & Communication — After software/core years or MBA internship · B.Tech Electrical Engineering — After software/core years or MBA internship · B.Tech Mechanical

	Engineering — After software/core years or MBA internship
Study:	Discovery · Metrics · Roadmaps
Exams:	PM interviews
Skills:	Prioritisation · Communication
Next:	Usually 1–3 years in another role or an MBA internship convert.
Pay:	About ₹8–25 LPA to start · ₹20–45 LPA after 5–8 years
Work:	Product companies · Start-ups
Campuses:	IIT Bombay · IIT Delhi · BITS Pilani · IIM Ahmedabad (later) · ISB Hyderabad (later)
Papers:	Certified Scrum Product Owner (CSPO) · Pragmatic Institute or AIPMM product certificates · A PM internship or shipped feature still counts more

12. QA / Automation Testing Engineer

From ~21 · Career

Writes automated tests and quality gates so software ships safely. Coding testers are preferred over purely manual QA.

Routes:	B.Sc Computer Science — Test automation projects
Study:	Test design · Selenium / Playwright / API tests · CI integration
Exams:	QA interviews; coding screens
Skills:	Test thinking · Scripting
Next:	IT services campus hiring is large; product firms want automation, not only manual cycles.
Pay:	About ₹3.5–10 LPA to start · ₹8–20 LPA after 5–8 years
Work:	IT services · Product firms · Captives
Campuses:	NIT Trichy · VIT Vellore · BITS Pilani · IIIT

Hyderabad

Papers: ISTQB Foundation, then Advanced Test Automation
· A Selenium / Playwright / API-testing portfolio ·
AWS Cloud Practitioner if you test cloud-native apps

13. Software Engineer

From ~21 · Career

Builds software products and systems. Internships and projects matter as much as the exact degree.

Routes: B.Tech Computer Science — Campus or off-campus hiring · B.Tech Information Technology — Campus hiring · B.Tech AI / Data Science — Campus hiring · B.Tech Electronics & Communication — DSA + internships · B.Tech Electrical Engineering — Switch with DSA

Study: A primary stack · Data structures · System design on the job

Exams: Interviews; optional GATE

Skills: Programming · Debugging · Collaboration

Next: Product, IT services, start-ups, later data/security/management.

Pay: About ₹4–18 LPA to start · ₹12–40 LPA after 5–8 years (services vs product)

Work: Product firms · IT services · Start-ups · In-house tech

Campuses: IIT Bombay · IIT Delhi · IIT Madras · IIT Kanpur · IIT Kharagpur

Papers: AWS Certified Developer or Solutions Architect Associate · Oracle Java / Microsoft Azure Developer (if that is your stack) · Kubernetes CKA later, once you run systems in production

Sites, plants, chips, and machines — the licensed core of building India.

FIELD

Engineering

*Sites, plants, chips, and machines — the licensed core of building

Aerospace Engineer · Chemical Engineer · Civil Engineer ·
Electrical Engineer · Electronics Engineer · Embedded Systems
Engineer · Geotechnical Engineer · Mechanical Engineer

14. Aerospace Engineer

From ~22 · Career

Aircraft and spacecraft systems. Limited core seats — HAL, ISRO/DRDO, private aviation, or a software/mechanical pivot.

- Routes:** B.Tech Mechanical Engineering — Aero electives or GATE AE · B.Tech Aerospace Engineering — Core aero / ISRO / GATE
- Study:** Aero structures · Propulsion
- Exams:** GATE; ISRO/DRDO exams
- Skills:** Flight systems · Analysis
- Next:** Core aero is competitive; many graduates diversify.
- Pay:** About ₹5–12 LPA to start · ₹12–28 LPA in core aero / ISRO-adjacent roles
- Work:** HAL · ISRO/DRDO · Aviation firms
- Campuses:** IIT Bombay · IIT Madras · IIT Kanpur · IIST Thiruvananthapuram · Madras Institute of Technology
- Papers:** GATE (M.Tech, PSU, teaching) · ESE / state engineering services where relevant · AutoCAD, SolidWorks, or PLC certificates matching the branch

15. Chemical Engineer

From ~21 · Career

Process plants, speciality chemicals, energy, FMCG manufacturing.

- Routes:** B.Tech Chemical Engineering — Process industry / GATE · B.Tech Petroleum Engineering — Energy / process hiring
- Study:** Process design · Safety
- Exams:** GATE; core placements
- Skills:** Process thinking · Plant safety
- Next:** Refineries, chemicals, FMCG, consultancies.

Pay:	About ₹4–12 LPA to start · ₹10–24 LPA mid-career (plant / PSU)
Work:	Process industry · Energy · FMCG
Campuses:	IIT Bombay · ICT Mumbai · IIT Madras · IIT Kanpur
Papers:	GATE (M.Tech, PSU, teaching) · ESE / state engineering services where relevant · AutoCAD, SolidWorks, or PLC certificates matching the branch

16. Civil Engineer

From ~21 · Career

Buildings, roads, water, infrastructure. Civil B.Tech or diploma-plus-degree.

Routes:	Polytechnic Diploma (Engineering) — Junior engineer / technician posts · B.Tech Civil Engineering — Core civil / GATE / ESE · M.Tech / M.E. — If the M.Tech is civil
Study:	Structures · Construction management
Exams:	GATE / ESE / state services
Skills:	CAD/BIM basics · Site coordination
Next:	Contractors, consultancies, PWD/municipal.
Pay:	About ₹3–8 LPA to start · ₹8–18 LPA mid-career (PSU / site)
Work:	Construction · Consultancies · Government
Campuses:	IIT Madras · IIT Roorkee · IIT Bombay · NIT Trichy · College of Engineering Pune
Papers:	GATE (M.Tech, PSU, teaching) · ESE / state engineering services where relevant · AutoCAD, SolidWorks, or PLC certificates matching the branch

17. Electrical Engineer

From ~21 · Career

Power, electrical machines, and related industry or PSU roles.

- Routes:** Polytechnic Diploma (Engineering) — JE electrical posts · B.Tech Electronics & Communication — Allied electrical roles · B.Tech Electrical Engineering — Core EE / GATE / ESE · M.Tech / M.E. — If electrical M.Tech
- Study:** Power systems · Machines
- Exams:** GATE, ESE
- Skills:** Power systems · Safety
- Next:** Utilities, PSUs, manufacturing, design consultancies.
- Pay:** About ₹3.5–10 LPA to start · ₹9–22 LPA mid-career
- Work:** Utilities · PSUs · Industry
- Campuses:** IIT Bombay · IIT Delhi · IIT Madras · IIT Kanpur · IIT Kharagpur
- Papers:** GATE (M.Tech, PSU, teaching) · ESE / state engineering services where relevant · AutoCAD, SolidWorks, or PLC certificates matching the branch

18. Electronics Engineer

From ~21 · Career

Embedded, VLSI, telecom, instrumentation. ECE/EEE degrees.

- Routes:** B.Tech Electronics & Communication — Core ECE placements / GATE · M.Tech / M.E. — If ECE M.Tech
- Study:** Embedded · Circuits · Communication
- Exams:** GATE; core company tests
- Skills:** Hardware debug · C/embedded
- Next:** Core ECE jobs are fewer than software; GATE and skills matter.

Pay:	About ₹3.5–10 LPA to start · ₹9–22 LPA (or software-switch bands)
Work:	Electronics firms · Telecom · PSUs
Campuses:	IIT Bombay · IIT Delhi · IIT Madras · IIT Kanpur · IIT Kharagpur
Papers:	GATE (M.Tech, PSU, teaching) · ESE / state engineering services where relevant · AutoCAD, SolidWorks, or PLC certificates matching the branch

19. Embedded Systems Engineer

From ~21 · Career

Firmware and hardware-near software. ECE/EE/CSE with C and microcontroller projects.

Routes:	B.Tech Computer Science — Systems electives · B.Tech Electronics & Communication — Embedded internships · B.Tech Electrical Engineering — Control + embedded
Study:	C · RTOS · Schematics
Exams:	Core company tests
Skills:	Low-level debug
Next:	Automotive, IoT, electronics product firms.
Pay:	About ₹4–12 LPA to start · ₹10–25 LPA as a specialist
Work:	Auto · Electronics · IoT
Campuses:	IIT Madras · IIT Bombay · NIT Trichy · IIIT Hyderabad · BITS Pilani
Papers:	GATE (M.Tech, PSU, teaching) · ESE / state engineering services where relevant · AutoCAD, SolidWorks, or PLC certificates matching the branch

20. Geotechnical Engineer

From ~22 · Career

Soil and rock behaviour for foundations, tunnels, dams, and slopes. Civil or geological engineering plus a geotech master's is the usual path.

- Routes:** B.Tech Mining Engineering — Rock mechanics electives · B.Tech Civil Engineering — M.Tech geotech or site investigation firms · M.Tech / M.E. — If the M.Tech is geotech
- Study:** Soil mechanics · Foundation design · Site investigation
- Exams:** GATE CE / GG; consultancy hiring
- Skills:** Lab testing · Plaxis / slope software · Site logging
- Next:** Metro, hydropower, highways, and high-rise consultancies.
- Pay:** About ₹4–10 LPA · ₹10–20 LPA in design / site firms
- Work:** Geotech consultancies · EPC contractors · Hydropower / metro
- Campuses:** IIT Madras · IIT Roorkee · IIT Bombay · IISc Bengaluru
- Papers:** GATE (M.Tech, PSU, teaching) · ESE / state engineering services where relevant · AutoCAD, SolidWorks, or PLC certificates matching the branch

21. Mechanical Engineer

From ~21 · Career

Machines, manufacturing, auto, energy. Core mechanical degree.

- Routes:** Polytechnic Diploma (Engineering) — Technician / JE roles · B.Tech Mechanical Engineering — Core mechanical / GATE · B.Tech Automobile Engineering — Auto OEM / ancillary hiring · B.Tech Aerospace Engineering — Structures / manufacturing overlap · M.Tech / M.E. — If

	mechanical M.Tech
Study:	Thermo · Machine design · Manufacturing
Exams:	GATE, ESE, PSU
Skills:	CAD · Diagnosis
Next:	Core industry, auto, energy, or later MBA/software.
Pay:	About ₹3–9 LPA to start · ₹8–20 LPA mid-career (core / PSU)
Work:	Manufacturing · Auto · Energy · PSUs
Campuses:	IIT Bombay · IIT Delhi · IIT Madras · IIT Kanpur · IIT Kharagpur
Papers:	GATE (M.Tech, PSU, teaching) · ESE / state engineering services where relevant · AutoCAD, SolidWorks, or PLC certificates matching the branch

Labs that ask unanswered questions and then publish the attempt.

FIELD

Science

Labs that ask unanswered questions and then publish the attempt.

Biotech / Life-science Scientist · Research Scientist · Statistician

22. Biotech / Life-science Scientist

From ~22 · Career

Labs in biopharma, diagnostics, or research. M.Sc or B.Tech biotech plus internships.

Routes: B.Tech Biotechnology — Internships + often M.Tech/ M.Sc · B.Sc Chemistry — M.Sc chemistry / related industry · B.Sc Biotechnology — M.Sc recommended · B.Sc Microbiology — M.Sc microbiology · B.Sc Food Technology — Food industry QA / M.Sc

Study: Wet lab · Documentation · Regulated work

Exams: NET; industry hiring

Skills: Lab technique · Protocol discipline

Next: Industry jobs often need a master's; Ph.D. for independent research.

Pay: About ₹3–8 LPA to start · ₹8–18 LPA in industry R&D

Work: Biopharma · Diagnostics · Institutes

Campuses: IISc Bengaluru · NCBS Bengaluru · IIT Delhi · University of Hyderabad · NII / CCMB (later)

Papers: CSIR NET / GATE in the relevant paper · Good Clinical Practice if you work in trials · Instrument or GLP short courses for industry labs

23. Research Scientist

From ~25 · Career

Original research in institutes or industry R&D. Usually M.Sc/M.Tech plus Ph.D. or JRF years.

Routes: B.Sc Physics — M.Sc then NET/Ph.D. · M.Sc (Science) — NET/JRF then Ph.D. · Ph.D. — Lab scientist posts · M.Tech / M.E. — Lab roles / Ph.D. · MPH — If you continue epidemiology research

Study:	Research programme · Publications
Exams:	NET/JRF, GATE, institute jobs
Skills:	Independent inquiry
Next:	Long training; CSIR labs, IITs, industry R&D.
Pay:	About ₹5–12 LPA (institute pay matrix) · ₹10–25 LPA in industry R&D
Work:	National labs · Universities · Industry R&D
Campuses:	IISc Bengaluru · TIFR Mumbai · IISERs · CSIR labs · IIT Bombay
Papers:	CSIR NET / GATE in the relevant paper · Good Clinical Practice if you work in trials · Instrument or GLP short courses for industry labs

24. Statistician

From ~22 · Career

Official statistics, surveys, biostats, or analytics. B.Sc/M.Sc statistics is the cleanest academic path.

Routes:	B.Sc Mathematics — M.Sc stats or ISS path · B.Sc Statistics — ISS / M.Sc stats · M.Sc (Science) — If the M.Sc is statistics · B.A. / B.Sc Economics — If the programme is quantitative
Study:	Inference · Survey methods · Software (R/Python)
Exams:	ISS; campus analytics
Skills:	Probability · Communication of numbers
Next:	MOSPI/ISS, pharma stats, analytics firms.
Pay:	About ₹4–10 LPA to start · ₹9–20 LPA (ISS / private analytics)
Work:	Government · Pharma · Analytics
Campuses:	ISI Kolkata · ISI Delhi · IIT Bombay (maths/stats) · University of Delhi
Papers:	CSIR NET / GATE in the relevant paper · Good Clinical Practice if you work in trials · Instrument

or GLP short courses for industry labs
